

Sustainability Productions  
Presents

How to Save  
the Planet  
in 45 mins!  
Starring  
Dr Ken

The World in your hands  
[www.dodifferent.co.uk](http://www.dodifferent.co.uk)

Join Dr Ken on his one wheel  
energy saving vehicle in his  
bid to save money and  
mankind.

Lasting up to an hour  
this show looks at  
carbon reduction,  
saving water, the  
greenhouse effect,  
preserving resources,  
creative green  
transport and  
sustainability.

**He maybe talking rubbish but it will make sense!**

*'Dr Ken forces his audience to care about environmental issues and he challenges all of them to take action to save the planet. His show presents the serious issues of global warming in an exciting, dynamic and fun way. This should be essential viewing for Gordon Brown and the cabinet.'*

**Bridget Fielden - Neathergate High School, a Green Flag Eco-school**

**Suitable for Key stage pupils 1 – 4**

Bespoke Eco-days and workshops created.

Contact Dr Ken email: [info@dodifferent.co.uk](mailto:info@dodifferent.co.uk) telephone: 01508 473 016

Dr Ken developed this show after visiting the Ecotech project as an Anglia TV presenter and touring with the community action team convincing people to slim their bin by composting. This programme can be viewed at

<http://www.youtube.com/watch?v=JjzAWkczl1l>.

An experienced performer in theatre and education he experiments with humorous tricks and stunts to engage young people so they too can do their bit for the environment.

Anglia News featured Dr Ken's attempts to increase sustainability and is available online at <http://www.youtube.com/watch?v=gzV8lXo7rM4>

## Save Fuel with Dr Ken

Dr Ken is grateful to the following organisations for their help in developing this show.

local action for a global change
