

Gifted and Talented Workshops and Shows

The Inspirational Science Theatre Company

"Fun and challenging. "

"Thanks for your contribution to our Summer School, which provided the students with a really exciting and stimulating start to their programme."
Jane Maguire, Gifted and Talented Strand Co-ordinator Gt Yarmouth

"It was brilliant. "

Your workshops were an inspirational mix of theory and practice, maths and science. I enjoyed working with you again and have recommended your work to colleagues at other schools.
Damian Weare, Gifted and Talented Co-ordinator Framingham Earl

"I think it was good because it inspired me. "

Unique Programmes

Mathematics of Juggling

How maths is used to solve the problem of remembering 500 different juggling tricks. **KS4**
